

NORTHWEST CASCADE INC

Construction Notice

City of North Bend – ULID #6 Sewer Piping Project

Property Owners within the Construction Project Limits

The purpose of this letter is to notify all residents and businesses that may be affected by the construction activities during the duration of the above-mentioned project. Northwest Cascade, Inc will be continuously working on this project in order to have it completed in the shortest time possible and provide the residents, businesses and the City of North Bend with the highest quality finished product.

As Northwest Cascade progresses on this project, we anticipate various segmental road closures and detours to be implemented. In the event that Northwest Cascade, Inc closes the road, local access will be allowed to progress through the job and if necessary with the direction of the flaggers.

All residents and businesses will continue to receive normal mail and garbage services and there will be emergency access for fire, medical and police at all times. All residents and businesses will have access to their driveways. There will be some delays to the driveways during working hours. Northwest Cascade will notify the residences and businesses of any long-term delay and will continue to try and keep these delays to a minimum.

Northwest Cascade, Inc. will be paving in the vicinity of your property on May 19th and May 20th. The paving operations will require that the sections of the roadway be closed for certain periods of times.

Northwest Cascade, Inc. intends to accommodate and cooperate with the needs of all residents and businesses to help ensure the inconvenience of this project is minimized. Please let us know if you any special issues that we may need to know about prior to construction in front of your residence. Northwest Cascade welcomes the opportunity to answer any questions or concerns from the residents affected by the project. Please call me @ 253-848-2371 with any questions or comments.

Thank you for your cooperation and patience.

Northwest Cascade, Inc.
